GUNS SAVED LIVES

True Stories of Americans
Defending Their Lives with Firearms

Acknowledgements

Thanks to my brother John, editor, revisionist, and
fireman extraordinaire!

Thanks to Sim and LeAnn for keeping my home life, uh,
shall I say, interesting.

I owe a debt of gratitude to my father, John T. Waters, for
providing a loving home with traditional values.

My sister Kim and my brother Zack have always been there
with support and encouragement. Thanks.

An extra-special thanks to Sean Dodson, Director of
Firearms Tactical Institute for helping me with the technical
side of firearms. Any mistakes having to do with guns made in
the book were my own fault for failure to follow Sean's
direction and advice.

Thanks to Richard Stevens, author of *Dial 911 and Die*, and
co-author of *Death by "Gun Control,"* for his continued
enthusiasm about my book.

Richard Griffith helped with certain interviews, and I
appreciate his assistance.

Thanks to Ed Wolfe and Michael Cannon for their
continued support and encouragement.

Gia Cosindas, Editor at Loompanics Unlimited, was always
informative and cheerful. Thanks.

And Michael Hoy, President of Loompanics Unlimited,
deserves a special place in my heart for accepting my book for
publication.
